We will be dowsing supplements and vitamins to measure their compatibility and increase their effectiveness. Bring yours and we will practice with them.

WHAT'S DOWSING?

Dowsing is a powerful tool to obtain information for energy clearing in healing as well as spiritual growth. Dowsing tools have been used for centuries to pierce the veil of the unknown. Today, they are used to find underground water, negative energy lay lines of the earth, in archaeology sites and by health practitioners to measure the energy field and remove blockages, among other uses. At the completion of this course, you will have the core skills and develop enough confidence to perform energy clearings on yourself, your family and friends. Participants will receive participation certificates at completion. This is the first part of a three-part certification series and an advanced course/apprenticeship will be offered for those committed to furthering their dowsing expertise.
